180 120 60

A diagram showing a dashed arc representing an angle. The arc starts at a point on the left, curves upwards and to the right, and ends at a point on the right. Three tick marks are placed along the arc, dividing it into two equal segments. The number '180' is positioned at the left end of the arc, '120' is positioned at the middle tick mark, and '60' is positioned at the right end of the arc.
