Compact Muon Solenoid

CMS

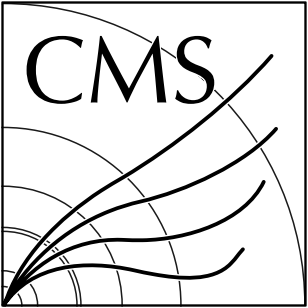

The logo features the text 'CMS' in a large, bold, black serif font. Below the text, four thick black curved lines represent particle tracks, originating from the bottom left and curving upwards and to the right. The background consists of several thin, concentric black arcs centered at the bottom left, suggesting a detector's geometry. The entire design is enclosed within a thin black rectangular border.

CMS

The logo features the text 'CMS' in a large, black, serif font. Below the text, four red curved lines represent particle tracks, originating from the bottom left and curving upwards and to the right. The background consists of several concentric black arcs, suggesting a cross-section of a detector or a particle's path.

Compact Muon Solenoid

CMS

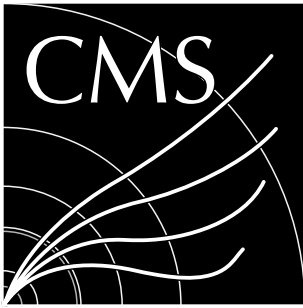

The image features the letters "CMS" in a large, black, serif font at the top. Below the text, four thick, red, curved lines originate from the bottom-left corner and sweep upwards and to the right. The background is white and contains faint, thin black concentric circular arcs, suggesting a larger circular design.

The logo features the letters 'CMS' in a large, white, serif font against a black background. Below the text, several white curved lines represent particle tracks, originating from the bottom left and curving upwards and to the right. The background also contains faint, concentric white arcs.

CMS

Compact Muon Solenoid

CMS

The logo features the text 'CMS' in a large, white, serif font at the top left. Below and to the right of the text are four thick, red, curved lines that originate from a common point at the bottom left and curve upwards and to the right, resembling particle tracks. The background is black with several thin, white, concentric circular arcs that are centered on the bottom left, suggesting a detector's cross-section or particle paths.

Compact Muon Solenoid

CMS

CMS

The logo features the text 'CMS' in a large, black, serif font. To the right of the text, the words 'Compact Muon Solenoid' are written vertically in a smaller, black, sans-serif font. The background is white and contains several concentric arcs in red, orange, yellow, green, and blue, centered at the bottom left. Overlaid on these are four thick, pink, curved lines that originate from the bottom left and curve upwards and to the right, resembling particle tracks.

Compact Muon Solenoid

CMS

The image features the letters "CMS" in a large, black, serif font, positioned in the upper left quadrant. The background is white and contains several concentric, semi-circular arcs in various colors: red, orange, yellow, green, blue, and purple. These arcs are centered at the bottom left corner of the image. Overlaid on these arcs are four thick, magenta-colored lines that curve upwards and to the right, creating a dynamic, abstract composition.

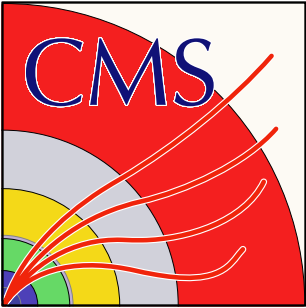

CMS

The logo features the text 'CMS' in a large, blue, serif font with a white outline, positioned in the upper left. Below and to the right of the text are several concentric circular arcs in red, orange, yellow, green, and blue. Overlaid on these arcs are four thick, pink, curved lines that sweep from the bottom left towards the top right.
